

Suitcase Relay:

This is crazy. Have a bunch of suitcases (2 or 3) stuffed with different articles of clothing (make them funny). Then set up teams for a relay races (again 2 or 3 depending on the number of cases). In the race one team member must run to one side of the room, open the case and put on all the clothes, run back and take off the clothes putting them back into the case and hand it off to the next teammate. Super fun!
