

TERRITORIAL YOUTH STRATEGY (TYS)

# YEAR 1 PRIORITIES

SHAPING THE FUTURE WITH YUKON YOUTH

2023

## WHAT IS THIS DOCUMENT?

This document outlines priorities identified for year 1; 2023/2024. The list of identified priorities below was composed of quantitative and qualitative data collected at the 2023 Yukon Youth Summit. The Territorial Youth Collective wanted to provide one of the most impactful guiding documents for uplifting needs and priorities for youth. We understand how important using qualitative data is in empowering youth voices. We have used quantitative data with this to try and best represent the Territory's youth voice. The team has added what was heard from the summit to the priorities to make them more relevant to what youth are asking for right now.

# INTRO

# 1. BASIC NEEDS

## 1.1 HOUSING SECURITY

Increase access to affordable, supportive, and safe housing options for everyone, especially young people, families, and people experiencing homelessness or precarious housing. In Canada, housing is considered “affordable” if it costs less than 30% of a household’s before-tax income. Connect youth and youth housing needs within the Housing First system.

## 1.2 TRANSPORTATION

Provide young people with safe, reliable, and accessible transportation options, especially between remote communities. Reinststate a regular system of transportation between remote communities (i.e. “the old Greyhound system”). Allocate funding for youth programs to offer transportation options for getting young people to and from programs. Prioritize working within Yukon and with Canada to find a sustainable public transportation system.

# 2. COMMUNITY SAFETY & HARM REDUCTION

## 2.1 BARRIER FREE YOUTH SHELTER

Create a 24-hour safe space and shelter for young people that does not have a sobriety priority to access. Support the creation of these spaces in remote communities. In addition to the 12-18 yrs range, create spaces that are accessible for young people aged 19-26 who have “aged out” of youth programs.

## 2.7 PROGRAMMING FOR YOUNG MEN & BOYS

Create more positive developmental programming for young men and boys to connect them with healthy role models, positive ideas of masculinity, and exploring healthy passions and activities.

# 3. MENTAL WELLNESS AND CONNECTIONS

## 3.1 YOUTH CENTERS AND DROP INS

Increase the number of drop-in programs and youth centres where young people can hang out, connect with trusting role models, and engage in fun activities. Support current youth centre drop-in program models to be open 7 days a week and increase ‘after-hours’ locations that can promote access to services beyond 8:30-4:30pm. In addition to the 12-18 yrs range, create programming for young people aged 19-26 that have “aged out” of all youth programs.

## 3.4 TRAINING FOR RECREATION CAPACITY

Build a sustainable plan to increase human resources capacity for recreation and youth programs throughout the Yukon. Increase developmental opportunities for young recreation staff such as training or crash courses. For example, the Recreation North Training Program. Focus on culturally responsive and trauma-informed care, including awareness of intergenerational trauma.

### 3.6 HEALTHY MENTORS & POSITIVE ROLE MODELS

Engage positive role models to be more involved in young peoples' lives, particularly those that represent underserved demographics such as First Nations, female, queer, and gender-diverse role models. Involve more healthy male mentors in the lives of young men and boys. Develop programming based on positive relationship building between youth and staff, and youth to youth. Have more spaces where youth can actively engage on their own, at their own level, with cultural support workers, and learn from Elders. Increase training opportunities for mentors.

### 3.7 MENTAL HEALTH RESOURCES FOR REMOTE COMMUNITIES

Building the capacity of mental health services (i.e., clinical counsellors) and cultural supports in the communities to reduce dependence on Whitehorse-based services. Promote and support the resources already in the community first before bringing others in.

# 4. ACCESS TO LEARNING AND EDUCATION

## 4.1 SENSE OF BELONGING IN SCHOOLS

Maintain cultures in schools that respect the autonomy, dignity, and mental wellness of young people. Support Yukon educators to prioritize the Ready To Learn approach through relationship-building with students and strengthen their capacity to engage positively with youth, especially youth with marginalized identities, newcomers, and/or are neurodiverse. Focus on creating a safe culture for the entire school in order to prevent safe spaces from becoming exclusive.

## 4.5 WRAPPING SCHOOL AROUND CULTURE

Integrate Indigenous knowledge and history into all parts of Yukon's curriculum, including deeper discussions surrounding experiences of systemic oppression and marginalization experienced by Indigenous people, as well as conversations that celebrate Indigenous cultures, traditional knowledge, and resilience. Support schools to prioritize integrating school credits into experiences such as traditional skills (hunting, skinning, etc) and working with Elders. Use Elders and traditional knowledge teachers more consistently in all learning settings and focus on a depth of knowledge rather than breadth of content.

# 5. EMPLOYMENT & CAREER OPPORTUNITIES

## 5.1 EXPOSURE TO CAREER OPPORTUNITIES

Increase the number of presentations in high schools, career fairs, and careers classes, so that young people have a better understanding of their career options (trades, University, College, other work, etc.), particularly at the secondary level. Prioritize learning opportunities in the Yukon for healthcare professional roles. For example, Yukon University's Practical Nurse program. Bring students out to work sites to be exposed to what jobs/careers are out there, especially for youth in remote communities.

# 6. LAND & STEWARDSHIP

## 6.1 LAND BASED PROGRAMMING AND HEALING

Invest in more land-based infrastructure and programming opportunities through the form of culture camps, community gatherings, sweat lodges, hunting trips, etc. Increase access for youth to explore their culture and self through fire keeper training and mentorship and more informal gatherings and hosting fires.

## 6.2 CLIMATE ACTION & STEWARDSHIP

Prioritize conversations about climate change and education surrounding sustainability, climate change resilience, and mitigation to protect our land now and for future generations. Implement the Yukon Youth Panel on Climate Change Our Recommendations, Our Future: 27 Programs and Policies to Embolden the Yukon's Climate Action (2021).

# YEAR 1 IMPLEMENTATION CONSIDERATIONS: WHAT'S WORKING AND COMBINING OUR STRENGTHS

## CURRENT INITIATIVES IN THE YUKON

THIS IS NOT A COMPREHENSIVE LIST. WE ARE TRYING TO HIGHLIGHT EXAMPLES OF IMPORTANT WORK THAT IS HAPPENING THROUGHOUT THE TERRITORY. THIS LIST IS ALWAYS GROWING, PLEASE REACH OUT IF YOU KNOW OF ANYTHING TO ADD.

## 1.1 Housing Security

### Who's Taking Action on the Priority?

WHITEHORSE EMERGENCY SHELTER

REACHING HOME COMMUNITY ADVISORY BOARD (FACILITATED BY YUKON ANTI-POVERTY COALITION)

SAFE AT HOME SOCIETY YUKON

CONNECTIVE SUPPORT SOCIETY (FORMERLY JOHN HOWARD SOCIETY)

COUNCIL OF YUKON FIRST NATIONS, FAMILY PRESERVATION WELLNESS CENTRE
